Read the text. Choose the right words and write them on the lines.

Octopus

- Example** The octopus is a strange animal because it has four pairs of arms. It can use its arms walk.
But it usually swims through the water.
- 1 They have a , but no bones!
2 bodies are really soft, so they can
3 easily swim through small spaces under
4 We found about 300 different kinds of
5 octopus, but we are still new ones.
6 Many kinds only live about six months.
7 Others may live until they are about five years old. When
an octopus is frightened it usually tries to hide.
8 Many can also color so fish
9 are bigger or more
dangerous won't catch them.
10 Have you ever an octopus?
